Dear Mr. Macone:

I am in receipt of your July 5, 2011 email requesting an extension to respond to the U.S. Environmental Protection Agency's Request for Information, Docket No. 308-11-133 issued pursuant to Section 308 of the Clean Water Act.

With this letter, I am granting a 30-day extension to respond to the above referenced Request. In accordance with this extension, the information requested is now to be submitted to EPA by August 10, 2011. As you discussed with David Turin, of my staff, please submit the information that you have already assembled to EPA as soon as possible.

Please be advised that the issuance of this letter does not relieve you of any responsibility to comply with federal and state laws and regulations, or any applicable NPDES permits and that EPA reserves its right to take further enforcement action pursuant to the Clean Water Act and other applicable laws, including the right to seek penalties for any Clean Water Act Violations at your facility.

Please contact David Turin at (617) 918-1598 or at turin.david@epa.gov with any technical questions, or you or your attorney may contact Edith Goldman, Senior Enforcement Counsel at (617) 918-1866 to address any legal matters.

Sincerely,
